**Registration open!**

ELF ERS EMBARC  
The European Bronchiectasis Registry

The first ever ELF-EMBARC Virtual Bronchiectasis Patient Conference will take place on Saturday 27 February 2021.

Register at <https://bronchiectasis-patient-conference.eventbrite.co.uk> or scan the QR code.

This event will give people with bronchiectasis and their families and friends an opportunity to hear patient-focused talks from individuals with bronchiectasis and expert healthcare professionals in the field. Healthcare professionals who would like to improve their knowledge about bronchiectasis from the patient point of view are also welcome to attend.

The conference is free and will take place in English and will run from 10:00-16:00 CET. It will be an interactive event with lots of opportunities for attendees to ask questions throughout the day.

We have a fantastic line-up of expert speakers. You are welcome to join for the whole day or just for the sessions you are most interested in.

The event is being organised by the European Lung Foundation's bronchiectasis patient advisory group, experts from EMBARC and the European Respiratory Society.
